**Outstanding Law Enforcement Team: South Side Task Force – Department of Housing and Urban Development**

The South Side Task Force has taken on the Gangster Disciples at its main operations base for selling narcotics and committing violent acts in and around Chicago's public housing developments. As a result of undercover narcotic purchases, and at great risk to their lives and personal safety, the South Side Task Force facilitated the prosecution of 34 violent street gang members, 25 of who have pled guilty. Their

professionalism, diligence and hard work has helped to free public housing developments from drug infestation and laid the groundwork for additional indictments and prosecutions.
